To complete the clause, select the appropriate wording from below. Highlighted text can be 'dragged and dropped' to save typing.

K32/112A PANEL CUBICLES – FULLY FRAMED

Prospec Ltd manufacture a range of fully framed cubicle systems, designed for durability, water and chemicals resistance, to withstand wet use, the rigours of cleaning and deter vandals.

Matching panels and other similar work

Use NBS clause K32/130A to include matching privacy screens. Use clause L20/480 for isolated cubicle fronts and doors in matching system.

Use NBS clause N10/350A for matching vanity units (without wash basins).

Use NBS clause K13/160A for matching wall linings.

Alternatively, add further clauses to section K32 to include matching panels and other similar work.

[Marathon Suspended Cubicles](#)

Designed to eliminate or reduce the number of floor fixings.

Marathon Suspended Cubicles

A fully framed suspended system with load bearing head beam designed for high-use public washrooms, changing areas and WCs, in demanding public environments.

Option of fully suspended system supported by connections to structural slab above. Dependant on design of slab and adjacent services. Consultation or site survey required.

The extruded aluminium 150mm x 60mm hollow section head is capable of spans up to 6 meters of single depth wall mounted cubicles.

50mm diameter vertical posts are mechanically joined to the head beam with screwport and through rivet connections to form a structural framework. Junctions and intermediate supports (when required) are formed insitu with vertical 100mm square support posts connected to floor by adjustable legs.

Optional base post for support post location fixed directly to structural floor slab when underfloor heating pipes are involved.

Door frame with "Safe edge" anti finger trap detail.

Full-length channels are used to attach partition and pilaster panels to walls.

Pilaster panels secured into frame with high modular anti fungal silicone adhesive.

Marathon Cubicles are installed by Prospec employees.

Consult Prospec Ltd technical literature for details and colour availability. Prospec also offer a design services with CAD drawings and it is recommended that they are consulted early in the design process. Marathon Cubicles are installed by Prospec Contracts.
